## Lendlease to redevelop Shepparton Hospital

**Melbourne, 4 October 2017:** Lendlease has been selected to build the state-of-the-art expansion of Goulburn Valley Health in Shepparton.

The State Government today announced the \$169.5 million redevelopment, which will include a new four-storey building with 64 inpatient beds, 10 intensive care unit beds and seven operating theatres, as well as a brand-new emergency department.

Joe Kokai, General Manager Building Victoria, said the announcement was a proud moment for Lendlease, and in particular the local delivery team.

“We are thrilled to be redeveloping Goulburn Valley Health in Shepparton, which will join our growing portfolio of major hospital facilities successfully delivered, reinforcing our reputation in the healthcare and broader social infrastructure space,” Mr Kokai said.

Lendlease completed both the new Monash Children’s Hospital and new Bendigo Hospital earlier this year, and is currently building the Joan Kirner Women’s and Children’s Hospital at Sunshine in Melbourne’s west.
