Lend Lease Wins £13m Headquarter Job for BMW

London, 14 October 2013- Lend Lease, the integrated property and infrastructure group, has won another high-profile contract – the British headquarters for BMW in Farnborough.

Lend Lease has been appointed as project manager, cost manager and CDM coordinator for the fit-out of the new 300,000 sq ft UK headquarters.

The new HQ is situated on a four hectare site that was formerly Nokia's office campus. It will comprise three separate office buildings – a total of 28,000m² of space and two six-storey decked car parks.

The win continues Lend Lease's ongoing relationship with BMW, having previously worked on the BMW i Store for their hybrid range of cars at 56 Park Lane, the motorcycle showroom at 70 Park Lane, the service centre in Battersea and a fit-out at their office in Hampshire.

Barry Taylor, Lend Lease's Director of Consulting, said: "We were chosen over other well-established consultancies – demonstrating that we are able to satisfy our client's high expectations with continued successes and an excellent multi-disciplinary service at a competitive fee."

"We are delighted to be able to be involved in this high profile project for BMW and look forward to strengthening our relationship with them here in Britain and hopefully extending this to other regions in which we operate."
