

Media Release

New General Manager for Lend Lease South Australia

Adelaide, 22 May 2013- Brendan Pihan has been appointed General Manager for Lend Lease's communities business in South Australia.

Mr. Pihan, originally from Victoria, will head up the community business which includes Lend Lease's master planned developments, Blakes Crossing and Springwood.

Mr. Pihan has senior management experience in both public and private companies, most recently as director of Temple Projects delivering apartment projects for Melbourne's Beck and Buxton families, and eight years with listed property group Stockland.

Mr. Pihan said he would focus on customer understanding, product innovation and superior asset delivery for Blakes Crossing and Springwood.

"The financial strength of Lend Lease means homeowners can invest with confidence," Mr. Pihan said.

"Our global experience allows us to deliver outstanding communities that people want to live in. We have a strong business in South Australia and I look forward to strengthening our position."

Mr. Pihan joined Lend Lease in April.

For further information on Blakes Crossing or Springwood visit www.blakescrossing.com.au or www.myspringwood.com.au

About Lend Lease

Lend Lease is a leading international property and infrastructure group. Listed on the Australian Securities Exchange and with circa 18,000 employees worldwide, Lend Lease's capabilities span the property value chain. In Australia we offer development management; investment management; project management & construction and asset & property management. Our expertise covers multiple sectors including commercial, residential, retail, retirement and infrastructure.

We have operated in South Australia for more than 40 years and in that time have completed a number of significant community development projects (formerly under Delfin Lend Lease). The company created West Lakes in the 1970s and in the 1980s planned and built the award winning Golden Grove, now home to more than 20,000 residents. Both projects were awarded the Prix d'Excellence World's Best Residential Development by the International Real Estate Federation. In South Australia, Mawson Lakes has raised the bar when it comes to liveable communities, also winning Australian and International Awards. Blakes Crossing is fast becoming Adelaide's talked about new address in the north and Springwood is set to seamlessly integrate into the existing Town of Gawler, embodying the best of town and country.

Noteworthy projects in the infrastructure business include the construction of Adelaide's Desalination Plant for SA Water and Adelaide Oval which involves the design and construction of a new 50,000 seat stadium.
