Free family fun day to celebrate Stoneleigh Reserve's new farmyard park

Queensland, 6 November 2014: Lend Lease's Stoneleigh Reserve is busy preparing for a free afternoon of country fun, to celebrate the official opening of its farmyard-themed park, on Saturday 15 November. The five hectare park has three main areas –The Farmyard and Figtree, The Farmhouse and The Orchard with the joys of 'old school' play and lots of activities for toddlers, juniors and teens. The fun day will celebrate the farmyard theme with pony rides, face painting, sausage sizzle, fairy floss, live music, games on the green and more.

Regional Development Manager for Stoneleigh Reserve, Gary Searle said the design of the park was developed based on feedback from residents and purchasers and embraces the site's natural beauty and heritage as a working farm.

"The park will be a great meeting place for residents and friends to enjoy the relaxed charm of an old vintage farmyard and for children of all ages to explore and meet their farmyard friends."

The Farmyard play area includes cattle yards, a cattle race, wagon wheels, a cow, chooks, blackboard, double swing, scooter tracks, four square, hopscotch, find the ten farm animals, find a word, an orchard of fruit trees and a large fig tree for hours of climbing as well as plenty of shade.

The Farmhouse will provide a perfect place to relax and unwind with free wi-fi, park shelter, bbq and picnic tables.

The park will also include outdoor fitness equipment, distance markers, combination rugby and soccer goals, informal cricket pitch as well as informal areas to play and explore.

Over the next year, Stoneleigh Reserve will become a thriving community that will eventually be home to more than 1,400 people, with approximately 520 lots, more than 18 hectares dedicated to open space and a school straight across the road.

The 48.3 hectare site is located on the corner of Logan Reserve Rd and School Rd, only minutes from the Logan Motorway and the M1.

Stoneleigh Reserve will release its third final stage this month with 25 lots available ranging in size from 300sqm to 622sqm.
